To whom it may concern,

Lochsa Engineering has had the opportunity and privilege to work with Mr. Patel and Augustine Group over the past year. In each of our engagements with Mr. Patel and Augustine Group, he, myself and the teams involved were able to collaborate very effectively on the project from start to finish.

Mr. Patel, and his team have made significant contributions to our organization, through their demonstrated ability to quickly understand complex issues and collaborate with our team to discover innovative and sound solutions.

Overall, our organization has been extremely pleased with the resources provided by Augustine Group, and I would highly recommend them to other organizations.

If you have any additional questions or need clarification, please feel free to contact me.

Kind regards,
